Complimentary reviews
We have experience advising private clients on the exposures that come with protecting a home, family, and the assets you've built. We provide complimentary reviews and risk audits of your previous insurance arrangements and make recommendations that suit your needs.

Property appraisals & valuations
Over time, the value of what you own can change significantly. A home is renovated, a vintage car is worth more than what it was purchased for, a piece of jewellery is reappraised. We help you stay ahead of this, aligning with the right professionals to value what you own, so the things you've built remain properly protected.

Collections and specialist assets
Art, jewellery, wine, motor vehicles and other collections carry as much sentimental value as they do financial value. These aren't standard possessions, and we make sure the insurance structure reflects that.

Client service
You hear from us as often as you choose. We offer onsite visits to both new and existing clients, and are flexible in how we engage with clients, offering communication through their preferred method.

Claims advocacy
We understand that handling claims is one of the most critical parts of our role as your insurance adviser. Whether you're facing an unexpected loss to your home, or your most prized possessions, our experienced claims team is here to guide you every step of the way.

Private trust
We provide risk advice for family trusts, family offices, and private clients, managing assets with discretion and experience. We understand what matters most, bringing together your family portfolio and aligning you with a like-minded insurer to create bespoke solutions to meet complex needs.

Specialist Motor & Classic Cars

LONG BURROUGHS

Some cars are more than just transportation. They're investments, obsessions, weekend projects and, sometimes, the reason you take the long way home.

At Long Burroughs, we know that special cars need specialist cover. With an enthusiast's passion and extensive expertise in classic and collector vehicles, we understand their value - both financial and sentimental - and, most importantly, what it takes to protect them.

Whatever you drive, from a single vehicle to an entire fleet, we can tailor cover to suit your needs. Our bespoke policies are designed to provide maximum flexibility and typically include the following areas:

Cover when driving other cars
Comprehensive cover regardless of whose vehicle you are driving.

Agreed value
If your vehicle is particularly special to you, we help to align you with the right professionals to identify its agreed value, ensuring in the event of total loss, you will receive a full payout based on the value agreed upon.

Roadside assistance
We have access to reliable breakdown services, helping you get back on the road, wherever you are in New Zealand.

Choice of repairer
It is important for you to have the freedom to align with a repairer of your choice. We make sure you're aligned with a specialist motor insurer who understands this, offering your choice of repairer.

Track day cover
Owning a high-performance car is only half of the fun. We understand you want to take this car on the track, and for approved events, we can help keep your vehicle covered and safe whilst on the track.
